Colorado River Locks Temporary Closures

Issue Date: April 2, 2024

The U. S. Army Corp of Engineers will be performing maintenance on the Colorado River Locks from April 3, 2024 to April 10, 2024, during the hours of 8 a.m. to 5p.m. each day. During this time there will be temporary closures so that silt, sand, and oyster shells can be removed from the canal gate recesses. All USACE notices regarding the Colorado River Locks can be found at: <https://ndc.ops.usace.army.mil/ords/f?p=107:1>.

The Lock Master will know 24 hours in advance of possible closure periods and mariners can contact the Lock Master at (979) 863-7842 Ext. 2002 or at (979) 482-7321 to confirm closure times to minimize delay.

Mariners are urged to transit at slowest safe speed to minimize wake and proceed with caution after passing arrangements have been made.
